DISCOVER EXCELLENCE:

WELCOME TO ST. XAVIERS PUBLIC SCHOOL KORBA

Welcome to St. Xaviers Public School Korba, a pioneer in education located in the heart of the city! Established as the first CBSE-affiliated school in the city, we have been at the forefront of providing quality education since our inception.

At St. Xaviers, we go beyond conventional teaching methods; we prioritize the holistic growth of our students, emphasising the development of their character, values, and skills, rather than solely focusing on academic scores.

St. Xaviers is not merely a brick-and-mortar institution; it is a collective effort, a manifestation of the dedication and passion that each individual associated with this school brings. From the teachers shaping young minds to the students with dreams as vast as the sky, we are a community driven by a common motive: to provide the very best for every child under our care.

Dedicated to staying ahead of the curve, we continually update our teaching methodologies and integrate the latest technology into our curriculum, ensuring that our students receive a cutting-edge education that prepares them for the challenges of the modern world.

Our success is not measured by the grandeur of our buildings or the awards on our shelves. Instead, it is defined by the growth, both academic and personal, of every student who walks through our corridors.

At St. Xaviers, we understand that education is not just about imparting knowledge; it's about shaping the future leaders of society. That's why we are deeply committed to nurturing the personality and potential of each student, believing that a strong educational foundation is essential for the development of a thriving community.

Join us at St. Xaviers Public School, where we believe that the journey towards a brighter tomorrow begins within these walls.

IN REMEMBRANCE

OF THE ENDURING SPIRIT OF OUR SCHOOL

BABLI JHA

FOUNDER
ST. XAVIERS PUBLIC, SCHOOL

JULY 16 1970 - JUNE 27 2023

In the heart of our school's journey lies a story of strength, love, and selflessness—a narrative woven by a woman who dedicated her life to shaping our beloved institution. With a heart heavy with both sorrow and fondness, this piece seeks to honor the legacy of the late Chairperson, whose life unfolded into the heartwarming narrative that is our school's history.

Coming from a humble background, she ventured into a city that spoke a language foreign to her ears. Yet, in the face of unfamiliarity, she stood tall, side by side with her husband, contributing to the establishment of this school.

What began as a support role in setting up the school evolved into a profound commitment. She didn't just become the Chairperson; she transformed her role into being like a mother, overseeing not just a business but a living, breathing entity—the heartbeat of a thousand dreams and aspirations.

When a mother intertwines her life with a business, it brings a special kind of warmth and emotion. In our school, this sentiment wasn't a mere addition; it became the heartbeat of our organization. Her leadership was not about titles; she ran this school not as a chairperson but as a mother, a guardian, a figure of solace and care for every child within these walls.

Her passing leaves a big void, one that can't be filled ever. But it also leaves us with a special gift—her courage and love. She didn't just make a successful business; she created a big family within our school. In her memory, let us all strive to keep her legacy alive—by embodying the kindness she shared and the determination she showed.

GREETINGS FROM THE MANAGEMENT

On behalf of the management, it gives us great pleasure to extend our warmest greetings as you explore the prospectus of our school. We are deeply grateful for considering us as partners in your child's educational journey.

At St. Xaviers, we pride ourselves on fostering a culture of academic excellence, holistic development, and unwavering support. Our mission is to provide a nurturing environment where every child can thrive, grow, and succeed.

With a commitment to value-based education, interdisciplinary learning, and personalized attention, we aim to empower each student to reach their full potential and become compassionate, responsible individuals equipped for success in the 21st century.

As you peruse through our prospectus, we hope you get a glimpse of the vibrant and inclusive community we strive to create, where every student feels valued, supported, and inspired to excel.

Thank you for considering St. Xaviers for your child's education. We look forward to the opportunity to partner with you in shaping a bright and promising future for your child.

HOLISTIC LEARNING

A Comprehensive Approach to Education
at St. Xaviers Public School

Interdisciplinary Curriculum

Our curriculum is designed to integrate various subjects seamlessly, allowing students to explore connections between different disciplines and understand complex concepts in a holistic manner.

Real-World Problem Solving Projects

Projects and assignments are organized to give students hands-on experience in solving real-world problems. Students conduct surveys and have opportunities to meet industry experts to work on projects, gaining practical insights and skills.

National Certified Exams Preparation

Multiple national certified exams are organized throughout the year to assess and enhance students' academic competencies. Students are provided with comprehensive training and support to excel in these exams, ensuring their academic success and competitiveness.

HOLISTIC LEARNING

Experience and Application-Based Learning

Learning in all subjects is enriched through various activities and experiments, making the educational experience more connected to the real world.

Students engage in experiential learning opportunities that allow them to apply theoretical knowledge in practical scenarios, fostering deeper understanding and critical thinking.

Value-Based Learning

St. Xaviers Public School emphasizes value-based learning to nurture students into compassionate and responsible individuals.

Through value-based education, students learn essential life skills such as empathy, integrity, respect, and social responsibility, shaping them into well-rounded citizens of society.

Skill-Based Learning

In addition to regular academics, students participate in skill-based educational sessions designed to equip them with practical skills necessary for success.

These sessions focus on developing a wide range of skills, including communication, problem-solving, creativity and leadership, preparing students for future challenges and opportunities.

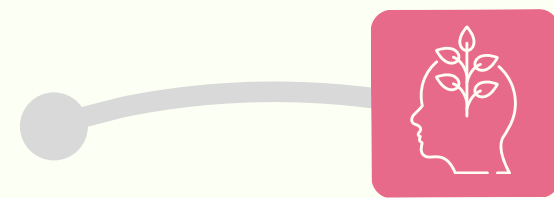

STEAM Education

STEAM education (Science, Technology, Engineering, Arts, and Mathematics) is integrated into the curriculum to provide students with a comprehensive and interdisciplinary learning experience.

Through STEAM education, students develop critical thinking skills, creativity and innovation, preparing them for success in diverse fields and industries.

Enriching Beyond the Classroom

Beyond academics, holistic development is equally crucial. Personality, sports, arts, clubs, and community service shape well-rounded individuals, fostering resilience, teamwork, creativity, leadership, empathy, and social responsibility.

Personality Development

We focus on holistic development, evaluating students academically and nurturing their overall personality. Specialized support enhances finesse, communication, and confidence, enabling students to excel in various life aspects.

Sports and Physical Fitness

We offer diverse sports and fitness activities for holistic student development. Facilities include football, basketball, cricket, athletics, and more, with opportunities for inter-school and district-level competitions.

Arts and Creative Expression

We foster artistic expression through music, dance, drama, painting, and sculpture. Students showcase talents and explore creativity through exhibitions, competitions, and performances, encouraging holistic development.

Clubs and Societies

We provide diverse clubs like debate, photography, Science, and environmental clubs for students. They engage in meaningful activities and discussions, fostering personal growth beyond the classroom.

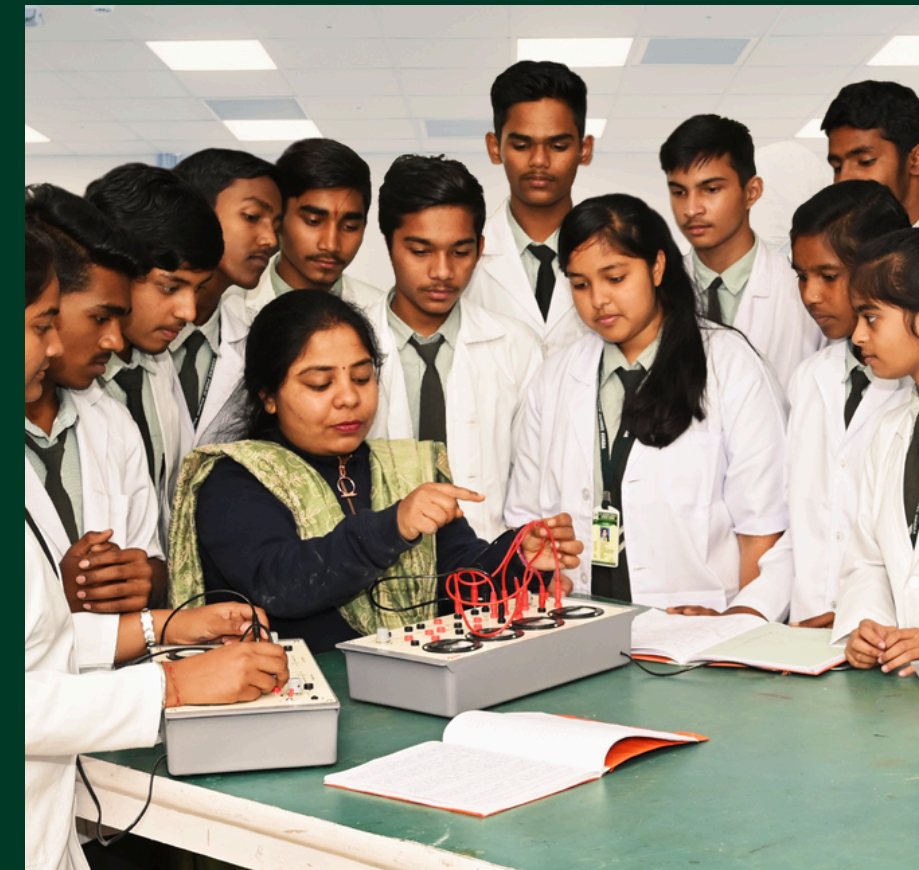

Community Service and Social Responsibility

We cultivate empathy, compassion, and social responsibility through community service. Students engage in diverse social outreach programs, volunteering, and fundraisers, aiming to positively impact the community and improve lives.

VALUE BASED
EDUCATION

INDIVIDUALIZED LEARNING PLANS

We understand that each child is unique, which is why we tailor our teaching methods to suit the individual needs of every student. Through comprehensive assessments, we identify their strengths and weaknesses, enabling us to provide personalized learning experiences that foster growth and development.

FINE MOTOR SKILLS DEVELOPMENT

EXPERIENTIAL LEARNING

Experiential learning involves interactive, hands-on activities that stimulate their senses and engage their curiosity. It promotes exploration, discovery and cognitive development, laying a strong foundation for lifelong learning and holistic growth.

MOTHER TEACHER

Each pre-primary class is assigned two teachers who form a special bond with students. They observe, understand, and tailor education to individual needs, fostering value-based learning and holistic growth.

PARENT COLLABORATIVE APPROACH

This emphasizes a collaborative approach with parents, fostering open communication and active involvement in their child's growth journey. We encourage regular interactions, provide guidance and maintain a constant channel of feedback to ensure the best learning experience for every child.
